

Assembly Instructions

Legend for assembly instructions:

- Outward fold (Illustrated with a paper strip and a dashed line pointing outwards)
- Inward fold (Illustrated with a paper strip and a dashed line pointing inwards)
- Die-Cut (Illustrated with a solid line)
- ▨ Glue (Illustrated with a blue hatched area)

Instructions

1 Cut the card along the line.

2 Use a pen whose ink has dried out, or a tracer, to trace the lines.

3 Make cuts along all the black lines. Fold the card along the lines.

4 Finally, glue the tab so you can send your friends this beautiful 3D card!
